LIBRARY**

25X1

25X1C 1. On 28 June 1951, all the jet fighters parked in the northeastern corner of Pinow airfield had a bulge, the size of a steel helmet and covered with tarpaulins, projecting from the leading edge of their left wings. The same bulge has been repeatedly observed. (1) The single-engine aircraft were painted dark green but their propeller hubs were red. (2) Passenger car   and trucks   were seen entering and leaving the field. 25X1C

2. On 26 June, a cylinder-shaped object was seen under both wings of an MIG-15 which was flying at an altitude of about 300 meters. The objects were fitted on the outer thirds of the wings. They seemed to be about 30 cm long and 15 cm in diameter. Half of their length protruded beyond the leading edges of the wings. (3)

25X1

25X1 3. On 2 July, 35 MIG-15s, 3 single-engine planes, 3 biplanes, and 1 twin-engine plane were counted at the field.         25X1  
4. Motor vehicles   were seen at the field.

25X1

25X1A   Comments.

- (1) The purpose of the bulge has not been determined.
- (2) Yes-ll.
- (3) The objects are probably rockets.
- (4) The airfield is still occupied by two fighter regiments and one fighter division headquarters.
